COVER LETTER

Dear Hiring Manager,

I am applying for the position of **Assistant Project Manager cum Safety Coordinator**. I bring over **12 years of construction and engineering experience** across building, cleanroom, process plant, and lift installation projects, with strong responsibility for project coordination and Workplace Safety and Health (WSH) compliance.

I have completed the **WSQ Advanced Certificate in Workplace Safety and Health** and my **WSHO registration is currently in progress**. I have supported ISO 45001 and SS679 compliance, conducted risk assessments, prepared safety documentation, and led site safety implementation across multiple projects.

I have managed and supported projects for multinational clients including **Novartis, Micron, Vanguard Semiconductor, and Milliken**, achieving zero major safety incidents and on-time project handovers. I am confident my combined safety and project background will add value to your organisation.

Yours sincerely,

Mohd Azrial Bin Mohd Saini

PROFESSIONAL EXPERIENCE & PROJECTS

Freelance EHS Consultant | Singapore

Aug 2025 – Present

Key Projects & Scope:

- Provided EHS documentation support for construction and industrial projects
- Prepared Risk Assessments (RA), Method Statements (MS), Fall Protection Plans (FPP), Emergency Response Plans (ERP), and EHS Plans
- Supported SS679 and ISO 45001 compliance for project approvals

Project Manager – Ratel Pte Ltd | Singapore

Jun 2024 – Jul 2025

Key Projects: Lift Installation Works

- Clients: Novartis, Micron, Vanguard Semiconductor, Milliken

Responsibilities & Achievements:

- Managed end-to-end lift installation projects including scheduling and inspections
- Coordinated stakeholders, suppliers, and site teams
- Achieved 100% on-time project completion with zero major safety incidents

EHS Coordinator – Shun Yi Cheng Contract Engineering Pte Ltd | Singapore

Feb 2024 – Jun 2024

Project Scope: Construction & Engineering Works

- Supported ISO 45001:2018 audits and SOP development
- Conducted safety walks, toolbox meetings, and committee reviews
- Ensured compliance for confined space, work-at-height, and lifting operations

Industrial Safety Engineer – Total Facility Engineering Pte Ltd | Singapore

Nov 2021 – Feb 2024

Key Projects: Cleanroom, Chilled Water & Process Water Systems

- Led site safety engineering and CON-SASS audits across multiple facilities
- Managed safety documentation and regulatory compliance for high-risk works

Safety Coordinator / Project Support – Fonda Global Engineering Pte Ltd | Singapore

Aug 2018 – Jul 2020

Project Types: Fire Protection, ELV & Integrated Engineering Systems

- Prepared RA, MS, and EHS documentation for client submissions
- Conducted inspections and supported project execution across multiple sites

Technical & Safety Roles | Various Firms | Singapore

2012 – 2016

- Supervised demolition, AV upgrades, waterproofing, and cable works
- Applied permits and ensured site safety compliance
